

The Eastside Health Centre

Located adjacent to the Aberdeen Hospital, the Eastside Health Centre is a collaborative practice, located in New Glasgow. The space is approximately 12,000 sq. ft, with each physician having an office, two exam rooms, and access to a minor procedure room on site.

The Collaborative team at the Clinic:

5 physicians	1 Nurse Practitioner
3 Family Practice Nurses	1 Dietician
1 Social Worker	1 Pharmacist
Admin Support Team	

On-call Rotation

Physicians provide inpatient coverage for their own patients while admitted to hospital. Typically, physicians do rounds first thing in the morning before arriving at their practice to start seeing patients for the day.

The provider team provides coverage for each other when absent from the clinic, and same day access can be provided by the provider within the practice.

Inpatient Coverage

Family physicians in the community participate in an on-call rotation for the Aberdeen Hospital.
