

The Pictou West Health Clinic

Located off of the Pictou Rotary, the Pictou West Clinic is currently under construction, with the new 4820 sq. ft space expected to open in summer of 2020. The current clinic was established in 2003, and is located on Haliburton Road in Pictou.

Each physician will have two exam rooms to work out of, and the Clinic has a minor procedure room available for use.

The Collaborative team at the Clinic:

- | | |
|--------------------------|--------------------|
| 3 Physicians | Dietician |
| 3 Nurse Practitioners | Pharmacist |
| 2 Family Practice Nurses | Admin Support Team |

On-call Rotation

Physicians provide inpatient coverage for their own patients while admitted to hospital. Typically, physicians do rounds first thing in the morning before arriving at their practice to start seeing patients for the day.

The provider team provides coverage for each other when absent from the clinic, and same day access can be provided by their provider within the practice.

Inpatient Coverage

Family physicians in the community participate in an On Call rotation for the Aberdeen Hospital

Location:

300 West River Road
Pictou, NS

Proximity to the Aberdeen Hospital:

Approximately 19kms

Meet Dr. Whitney Lum & Dr. Simran Ohson, Pictou West family physicians
